Detail-oriented Full-Stack Developer passionate about solving real-world problems with scalable, performant web and mobile applications. Currently building a full-stack clone of YouShift (YC W25) with their exact tech stack. Strong focus on product ownership, clean UI/UX, and fast delivery. Open to Founding Engineer roles in mission-driven startups.

## Experience

- *Freelance Full-Stack Developer*
- *Remote | Dec 2024 – Present*
- *Built and launched RB Health Club: a modern Gym website with dynamic listings, admission form flow, stories, testimonials, and optimized for conversions.*
- *Stack: Next.js, Tailwind CSS, React, mongodb, TypeScript*
- *Developed Baemark.com: a fashion e-commerce platform with gender-personalized UI and seamless shopping flow.*
- *Improved HappyLaptops.in: enhanced UI/UX and filtering system to boost product discoverability and usability.*
- *Currently building YouShift Clone: replicating core features like auth, schedule builder, and shift assignment using the original startup's production stack.*
- *Stack: Node.js, Drizzle ORM, PostgreSQL, React, React Native, tRPC, Zod, Tailwind*

## Projects

- **YouShift Reimagined:**  
Stack: Node.js, Drizzle ORM, PostgreSQL, React, tRPC, Zod, Tailwind, Vercel  
Live link: <https://youshift.vercel.app/>
- **Baemark 🛒:** Stylish e-commerce store with gender-personalized shopping & clean UI  
Stack: React, Node.js, MongoDB, Express, Tailwind.  
Live link: <https://baemark.com/>
- **🏆 RB Health Club:** A clean and responsive gym and fitness club website for a real-world client.  
Stack: HTML, CSS, JavaScript, Tailwind CSS  
**Live Link:** <https://rbhealthclub.com/>
- **Chattrix 💬:** A real-time chat web application with secure user authentication and socket-powered communication.  
Stack: React, Node.js, Socket.IO, Tailwind, gsap.  
Live link: <https://chattrix.tech/>
- **Apple web clone 📱:** High-fidelity front-end clone of Apple's website using 3D animations.  
Stack: React, Three.js, GSAP  
Live link: <https://apple-iphone-web.vercel.app/>
